North Tawton Neighbourhood Plan

Evidence Gathering April 2016

To Community Groups, Clubs and Societies, Local Businesses etc.

An important aim of the North Tawton Neighbourhood Plan is to

'maintain as far as possible, local services and amenities and support a variety of community recreational facilities'

Two of the objectives set to meet this aim are

'*To provide a safe and healthy place in which individuals and families can thrive where community facilities and services are supported, enhanced and maintained'*

'*To welcome and support measures which maintain and improve the effectiveness of the retail centre of the town'*

The North Tawton Neighbourhood Plan Group are in the process of gathering information and evidence to back up the policies, which will be included in the Neighbourhood Plan, to support the above objectives.

What we would like from you is as much information as possible which can highlight the significance of your organisation, group, or business and the contribution it makes to the life and well-being of the town.
